Art Unit: 3662

1. Claims 21-29 are allowable over the prior art of record.
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:  
  
The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.
3. Claims 30-38 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Independent claim 30 is indefinite and unclear in that the preamble of the claim is presented as if the claim were directed to a computer program product, but the body of the claim is presented as if it were directed to claiming a method. Please note that the transition between the preamble of claim 30 and body of claim 30 on line 5 of the claim reads, "the method comprising the acts of," as if only a method were claimed. Please note that if claim 30 is directed to a computer program product, then the "computer-readable medium" must be clearly and definitely recited in the body of claim 30.

Dependent claims 31-38 are unclear in that they depend from unclear independent claim 30.

4. Claim 30 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
5. Claims 31-38 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
